

Ashron Construction and Restoration, Inc.

April 6, 2009

To Whom It May Concern:

It has been a pleasure partnering with Chris Johnson and The Johnson Group, Inc. As the Prime on a SMUD contract, we added The Johnson Group, Inc. as a Subcontractor for the SMUD White Rock Roof Deck Powerhouse project. Chris and his team provided exceptional talent for the entire project. It is quite convenient to win a project and have the entire labor team in place. The Johnson Group, Inc. is a SMUD SEED Certified Subcontractor that added tremendous value to our project.

Ashron Construction recommends Chris and The Johnson Group, Inc. for anyone in need of a professional Subcontractor to provide top talent.

Sincerely,

Ashron Construction
